

ATEX / IECEx certified for **Zone 2 / 22**

Universal UniCase certified enclosure

Samsung Galaxy Tab S10 FE, 10.9-inch platform

Storage options: **128 GB / 256 GB / 512 GB**

Full access to buttons, cameras, audio and USB-C

Impact-resistant enclosure and screen

Modular inlay system, **upgrade-ready**

Galaxy Tab S10 FE

The Ex UniCase Galaxy Tab S10 FE is a certified tablet solution for operation in ATEX and IECEx Zone 2 and Zone 22 hazardous areas. It combines the Galaxy Tab S10 FE platform with a robust, explosion-protected UniCase enclosure tailored for industrial use.

The enclosure offers strong mechanical protection without limiting functionality. All essential features, including buttons, cameras, microphone, speaker, and USB-C connection, remain fully accessible for daily operational tasks. The system complies with Directive 2014/34/EU and relevant ATEX and IECEx standards. Its modular UniCase design allows the tablet to be exchanged or upgraded while retaining the certified enclosure, extending service life and reducing total cost of ownership.
